

SFA Chapter 78 Out and About

SFA Chapter 78 Represented at the Operation Providing Hope 1st Annual Golf Tournament

Three of the non-camera shy (active-duty) golfers representing SFA Chapter 78 Operation Providing Hope (OPH) 1st Annual Golf Tournament on April 17 at Meadowlands Golf Club in Winston-Salem. We sponsored two four person teams at this fundraiser. Thank you to our teams! It was so great to be able to help OPH raise funds to grow the organization and be able to provide relief and hope to communities impacted by disasters.

UCLA and CSUF ROTC Cadets Honored at Year End Ceremonies

Annually, Chapter 78 presents an SFA Chapter 78 ROTC Award of Excellence to a senior ROTC cadet nominated by the Professor of Military Science. Criteria for the award varies from universities or colleges, but the award is open to both male and female cadets that maintain a high scholastic aptitude, high score on the military fitness test, excel at the institution's military science program, and, most importantly, exhibit those aspects of good judgment and leadership skills.

A representative from Chapter 78 presents the award at the cadet's annual school awards program.

UCLA ROTC—Chapter 78's President Aaron Brandenburg was present on Friday, April 25, 2025, at UCLA's Military Ball to present the SFA Chapter 78 ROTC Award of Excellence to Cadet Janie Ruttert (pictured at left).

CSUF ROTC—On May 2, 2025, Chapter 78's Secretary Gary Macnamara was present on the campus of Cal State University Fullerton to present the Award of Excellence to 2Lt Madina Yedilova.
